TAFFETA or "superfine" lining is a fine, crisp, plain-woven fabric that has a lustrous surface appearance and is soft to the touch - lightweight, high quality and inexpensive. Taffeta is widely used for lining of garments such as jackets and blazers, but is also suitable for linings of bags, purses, coffin linings and so much more!

We have now added two brand new popular qualities to this fabric category:

COATED TAFFETA with a PVC back coating creating a waterproof but lightweight fabric.

Available in black and navy.

COATED OXFORD with a white backing creating a durable and waterproof, but lightweight lining in an oxford weave quality.

Available in black and navy.

These coated products are used for rain coats, umbrellas, bag linings, covers etc etc.
